Circle Brand True Fit Corner Trowel

Creates clean, sharp inside corners.
3 1/2" blade. Adjustable from 90° to 135°.

Stainless Steel Blade

CB010 True Fit Corner Trowel 6/ctn.

Circle Brand Broad Knife

Blue spring steel blade with shims attached to a 14" tube handle that allows you to reach ceiling joints easily from the floor.

CB14040 7" Broad Knife 6/ctn.
CB14041 9" Broad Knife 6/ctn.

Adjustable Wipedown Knife ^{New}

This multi-use wipedown knife features an adjustable angle blade attached to an 18" plastic handle threaded for broom handle or extension pole.

CB14030 7" Adjustable Wipedown Knife 6/ctn.
CB14031 11" Adjustable Wipedown Knife 6/ctn.

Adjustable Rubber Wipedown Tool

This multi-use tool is two wipedown knives in one. A push of the thumb adjusts the tool from a straight blade to a corner angle and back again. Flexible rubber head adjusts

for desired angles over or under 90°. Use to smooth down rounded corners for a great finish. 5" wide wiping blade.

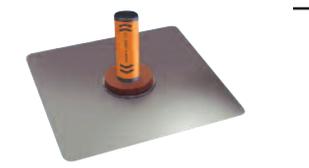

CB3078 Adjustable Wipedown ^{New} Tool Ea.

Circle Brand Aluminum Hawk

Aluminum constructed with circular grooves to prevent material from sliding. Available with a wooden or ErgoGrip handle and callus preventers.

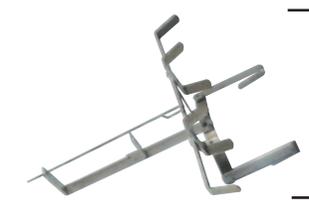

CB16270 13"x 13" w/ Wood Handle 6/ctn.
CB16272 13 1/2" x 13 1/2" w/ Wood Handle 6/ctn.
CB16273 13" x 13" w/ ErgoGrip Handle 6/ctn.

Kraft Magnesium Hawks with ProForm® Handle

Magnesium Blade is machined scored for additional material control. Corners are rounded for safety and durability. ProForm® Handle for enhanced comfort.

KFPL263PF 13" x 13" with ProForm® Handle 4/ctn.
KFPL264PF 14" x 14" with ProForm® Handle 4/ctn.

Mud Pan and Tape Holder

Aluminum, lightweight construction. Mud pan hooks to belt to stay hands-free. Hook below pan holds a 500' roll of joint tape. Designed for a 12" Mud pan only.

CB15011 Mud Pan and Tape Holder. 6/ctn.
Mud pan sold separately.

Heli-Arc NoSlip Grip Stainless Steel Mud Pan

Stainless steel mud pan with tapered ends and sides. Smooth contoured bottom fits naturally in hand.

CB15000 10" NoSlip Grip Mud Pan 6/ctn.
CB15001 12" NoSlip Grip Mud Pan 6/ctn.
CB15002 14" NoSlip Grip Mud Pan 6/ctn.

Patch Pan ^{New}

Heavy duty lightweight plastic mud pan with contoured bottom. For use with 1" to 6" joint knives. Built-in wiping blade to clean after use. Contoured bottom fits naturally into hand.

CB15004 6" Patch Pan 6/ctn.

Circle Brand Plastic Mud Pan with 2 Blades

Professional quality, polyethylene plastic pan with double metal blades to wipe knife clean on both sides of pan.

CB15005 12" Plastic Mud Pan 12/ctn.

Circle Brand Heli-Arc Stainless Steel Mud Pan

Heavy gauge, stainless steel with heli-arc welded corners and water tight construction. Tapered ends and sides.

CB15007 12" Heli-Arc Mud Pan 6/ctn.
CB15008 14" Heli-Arc Mud Pan 6/ctn.

Bucket Splash Guard

Designed to keep material inside a 5 gallon bucket when mixing. Helps reduce slip and fall hazards. Snaps on top of bucket.

ST5006 Bucket Splash Guard Ea.

Circle Brand Pail and Lid

Durable 20 litre/5 gallon pail used to mix, store or move a variety of materials.

CB000 Circle Brand Pail Ea.
CB000A Circle Brand Pail Lid Ea.

Available in skids of 108 pails per skid.

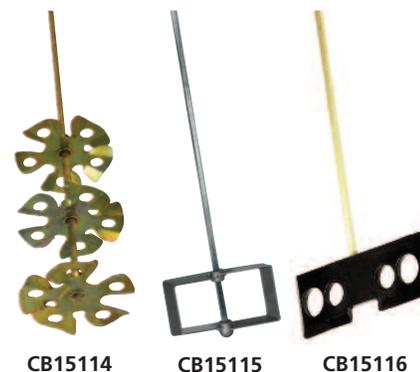

Mixing Paddles – Mixers for drywall compound, ceiling, wall texture, paint, concrete and mortars.

CB15110 Circle Brand Quick Mixer
36" shaft. Designed to fold and mix material quickly. 10/ctn.

CB15112 Circle Brand Square Blade Mixer
28" shaft. Mixes thin-set mortar, grout, sheetrock and concrete products. 6/ctn.

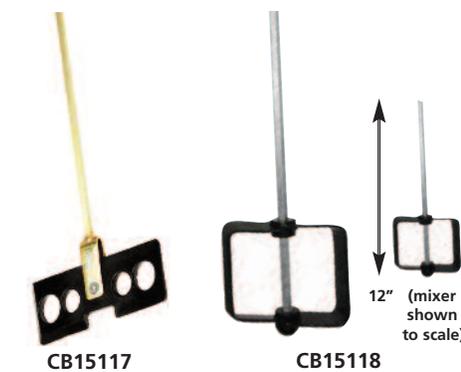

CB15113 Boomerang Mixer
28" heavy duty shaft. Mixes material inward from top to bottom to prevent splashing. 6/ctn.

CB15114 Three Blade Adjustable Mixer
24" heavy duty zinc plated steel shaft. Designed to fold various material mixture with no lumping. Comes with three adjustable 5" blades. 6/ctn.

CB15115 Circle Brand Die Cast Mud Mixer
30" steel shaft mixer has a die cast head. Rounded pail saver tip designed to keep from scraping bucket bottom resulting in foreign particles in mixtures. Ideal for mixing drywall compounds and texturing materials. 6/ctn.

CB15116 Tornado Power Mixer
28" shaft. For mixing of paint, mud and texture material. Made of durable polypropylene. Easy flow design allows for smooth and proper mixing without lumps. Material cleans off plastic easier and faster than traditional mixer. 6/ctn.

CB15117 Tornado Power Mixer with Pivot Blade ^{New}
36" shaft. For mixing of paint, mud and texture material. Made of durable polypropylene. Easy flow design allows for smooth and proper mixing without lumps. Pivoting paddle head pulls material off the bucket sides while mixing material in an upward motion. 6/ctn.

CB15118 Mud Pan Mixer ^{New}
12" shaft. The small mixing paddle is ideal for mixing various setting compounds in virtually all types of mud pans. A "must have" for any contractor using fast setting "hot muds". Polypropylene paddle blades designed not to gouge the mud pan being used. 6/ctn.

Kraft Bucket Scoop

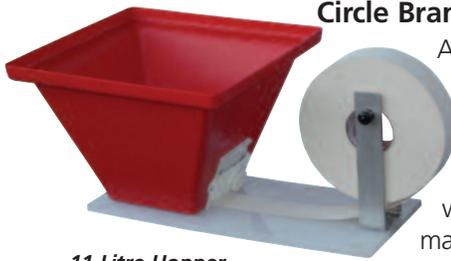

Curved radius blade sized to bucket for easy removal of material. Stainless Steel blade with non-slip ProForm® Handle.

Stainless Steel Blade
KFDC421 Kraft Bucket Scoop 6/ctn.

Circle Brand Corner Pro Wipedown Knife

Flexible rubber knife for finishing and cleaning inside angles. Can be used by hand or pole by threading pole into handle end. Also a cleaning

tool for wiping material from pails and buckets.
CB3077 Corner Pro Wipedown Knife 12/ctn.

11 Litre Hopper

Circle Brand Bench Mount Mud Box

Adjustable gates on both sides of the box control mud flow and help limit any leakage. Polypropylene box resists dents. Teflon Base allows tape to slide smoothly without snags and tears. Tape holder makes pulling and changing of tape rolls quick and easy.

- CB017** Bench Mount Mud Box 1/ctn.
- CB017A** Mud Box Plastic Replacement Gates (Set of 2)
- CB017B** Bench Mount Replacement Plastic Peg & Caps (Set)
- CB017C** Mud Box Replacement Adjustment Knob Ea.

11 Litre Hopper

Circle Brand Wall Mount Mud Box

Polypropylene box mounted to durable, powder coated metal frame that allows for it to be filled and hung on unfinished walls. Adjustable gates on both sides to control mud flow. Tape holder reel allows you to coat **two** rolls of joint tape at the same time.

- CB018** Wall Mount Mud Box 1/ctn.
- CB018A** Wall Mount Replacement Metal Pin Ea.
- CB017A** Mud Box Plastic Replacement Gates (Set of 2)
- CB017C** Mud Box Replacement Adjustment Knob Ea.

Taping Banjo

Stainless steel construction with thumb screw for mud adjustment. Holds 500' roll of drywall tape. For either left or right hand use.

- ST0010** Taping Banjo 1/ctn.

Rapid Fill Banjo

Manufactured using Stainless Steel. Includes a bottom mounted Filler Valve that allows for quick filling with a standard automatic taping tools loading pump and filler. Holds 500' roll of drywall tape

- ST0009** Rapid Fill Banjo 1/ctn.

Delko Banjo with Internal Applicator

Plastic taping tool applies mud and drywall tape in one step. Enables contractors to finish joints and internal corners with one taping tool. Internal attachment applies pre-coated paper tape to the internals, rolls and embeds the tape, all in one quick action, at a perfect 90° angle.

- HO6502** Banjo Drywall Taping Tool 1/ctn.
- HO6503** Replacement Control Knob 1/ctn.

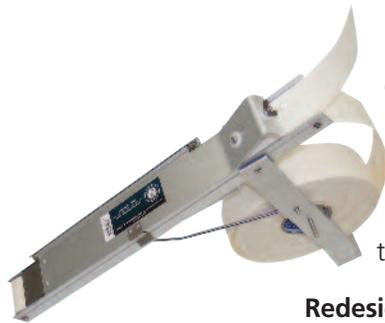

Delko Zunder Drywall Banjo New

Manufactured from durable polycarbonate ABS. Banjo has a double ended Delko applicator attachment which allows for simultaneous application of compound and joint tape on flat joints, internal corners, and square sets in minutes – eliminating messy and time consuming adjustments. Two adjustable soft grip handles on either side of the tool allows for left or right hand use.

Easily accessible compound flow adjustment dial to adjust the amount of compound being released onto the joint tape. Holds up to a 500' roll of paper joint tape or 250' roll of paperless FibaFuse joint tape.

- HO6506** Zunder Drywall Banjo Taper 1/ctn.
- HO6507** Replacement Hinge Ea.

Circle Brand Tape Puller

Tape Puller dispenses the correct amount of compound to joint tape for quick and easy application. Attach Tape Puller to a 5 gallon bucket. Reduces work time with little clean-up involved.

CB001	Tape Puller	1/ctn.
CB001A	Replacement Pin	Ea.
CB001B	Replacement Roller	Ea.
CB001C	Replacement Rubber Stop	Ea.

Redesigned with premium materials for maximum productivity. Pail sold separately.

Circle Brand Tape Reel

All steel construction. Holds up to 500' of joint tape. Manufactured with handy clip that hooks onto belt.

CB15010	Tape Reel	6/ctn.
----------------	-----------	--------

Tape Reel with Tension Hub

Tape roll fits snugly on adjustable tape tension hub. Steel tape holder plated to prevent rusting. Holds up to 500' roll of tape. Hooks onto belt.

CB15009	Tape Reel	6/ctn.
----------------	-----------	--------

Circle Brand Scrub Brushes

Used for a variety of purposes such as cleaning pails and tools. Manufactured with plastic bristles for deep cleaning.

CB18001	Short Handle 8.5" Scrub Brush	6/ctn.
CB18002	Long Handle 20" Scrub Brush	6/ctn.
CB18005	Utility Brush 6.5" wide ^{New}	12/ctn.

Kraft Stucco Patch Machine

2 quart capacity (1.893 litre). Used to apply colour coat, stucco and drywall compound in small areas to match existing coating. Adjusts to type of texture.

KFDC196	Stucco Patch Machine	1/ctn.
----------------	----------------------	--------

Kraft Texture Spray Machines with Gun, Hopper and Hose

The compressor and gun will spray and apply a variety of texture coatings. Air and texture material combine at the gun to produce the desired texture. Overhead work is made easy with the built-in angle feature. Compressor includes a 1-horse-power capacitor-start electric motor with manual reset thermal overload protector. Delivers 6.2 CFM of free air at 25 PSI.

KFPC300	Super-Pro® Texture Unit with Gun, Hopper and Hose.	1/ctn.
KFPC500	Standard Texture Unit with Gun, Hopper and Hose.	1/ctn.

For replacement parts and schematics please visit – www.wallboardtrim.com

DO NOT USE SYNTHETIC OIL.

Kraft ProForm® Texture Gun and Hopper
 Sprays a variety of materials. Angled hopper easily allows user to spray walls and ceilings directly. Built-in easy grip hopper handle. Remove nozzle and tip for quick and easy cleaning. Comes with a large 2.5 gallon hopper.

KFPC201 ProForm® Texture Gun and Hopper 1/ctn.

For replacement parts and schematics please visit – www.wallboardtrim.com

Kraft Super-Pro® Texture Gun and Hopper

Sprays a variety of textures and materials. Large 2.5 gallon hopper with built-in control handle has a 40 degree hopper angle for easy spraying. Special orifice adjusting nut makes orifice selection quick and easy. Complete with patented Super-Pro® gun cylinder and shut-off valve.

KFPC301 Super-Pro® Texture Gun and Hopper 1/ctn.

For replacement parts and schematics please visit – www.wallboardtrim.com

Kraft Standard Texture Gun and Hopper

Ideal for spraying walls, ceilings, fireproofing and stucco. Texture gun is made of cast aluminum for durability. Top handle insures better control of hopper. The hopper angle is great for walls and ceilings. Has a 1.5 gallon hopper.

KFPC501 Standard Texture Gun and Hopper 1/ctn.

For replacement parts and schematics please visit – www.wallboardtrim.com

Circle Brand Standard Round Texture Brush

Contoured block fits your hand comfortably or can be attached to a handle. Brush diameter is 4³/₄". Use for stippled, swirled or sponged effects with compound or texture paints

CB18010 Round Texture Brush Ea.

Circle Brand Single Texture Brush

Tampico bristles with hardwood block and handle hole in centre. Flattened single brush measures 8" x 1³/₄" and creates a "crow's foot" pattern. Easily screw in a painter's style extension pole to reach high ceilings.

CB18011 Single Texture Brush Ea.

Circle Brand Double Texture Brush

Tampico bristles with hardwood block and handle hole in centre. Flattened double brush measures 8" x 1³/₄"(x2) and creates a "crow's foot" pattern. Easily screw in a painter's style extension pole to reach high ceilings.

CB18012 Double Texture Brush Ea.

Homax Touch Up Kits

Reusable spray gun comes with both wall and ceiling dry mix texture for multiple repairs.

HO4121 Touch-up Kit with Pump 6/ctn.
Popcorn Texture

Homax Texture Gun and Hopper

Create your own custom look or match existing spray texture on walls or ceilings.

HO4505 3 Litre Hopper Only 6/ctn.
HO4205 Texture Gun Only 6/ctn.

Gun and Hopper sold separately.

Homax Pneumatic II Spray Texture Gun with 3 Litre Hopper

Works with 3/4 hp or larger compressors, also HVLP compatible. Sprays 16 texture patterns including Super Fine Orange Peel.

HO4630 Pneumatic II Spray 4/ctn.
Texture Gun with Hopper

Comes complete with Gun and Hopper.

Homax Spray Textures

To texture small areas (up to 100 sq. ft.) or to patch existing walls or ceilings that have already been sprayed.

HO4155 Orange Peel Texture 6/ctn.
Spray (oil based) – 20 oz.
HO4165 Knockdown Texture 6/ctn.
Spray (water based) – 20 oz.
HO4199 Popcorn Texture Spray 6/ctn.
(water based) – 14 oz.

Homax Ceiling Texture Scraper

A specially designed scraping tool that removes unwanted popcorn ceiling texture. A typical 10' x 10' ceiling can be completed in 30 minutes or less. Unique bag attachment captures texture as it is removed. Connect to standard extension handle. Special design prevents gouging of ceiling surface.

HO6100 Ceiling Texture Scraper 4/ctn.

Lexan Knockdown Knife

Clean polycarbonate blade that is flexible and durable. Ideal for drywall, EIFS, acoustical work and a wide variety of textures. Has a 6" handle with female threaded end for an extension pole. All blades 12" high.

CB14086 12" Lexan Knife 6/ctn.
CB14083 18" Lexan Knife 6/ctn.
CB14084 24" Lexan Knife 6/ctn.
CB14085 36" Lexan Knife 6/ctn.

Curved Blade Knockdown Knife

Professional quality blue spring steel blade with 16" slant-cut wooden handle. Curved blade design allows for better control and pressure.

CB14081 18" Knockdown Knife 6/ctn.
CB14082 24" Knockdown Knife 6/ctn.

KRAFT Squeegee Trowels New

Can be used to smooth a variety of coatings in drywall, restoration work and general construction. Patented ProForm Soft Grip handle accepts a male threaded broom or extension handle for hard-to-reach areas. Includes a blade protector to extend the life of the tool.

KFGG242 12" Squeegee Trowel 6/ctn.
KFGG243 14" Squeegee Trowel 6/ctn.
KFGG244 18" Squeegee Trowel 6/ctn.
KFGG246 22" Squeegee Trowel 6/ctn.

EXPRESS SANDER

- Sander head with male end can be used with Circle Brand 4' Fixed or 3' - 7.5' Aluminum Extension Handle.
- No-Flip low Profile U-joint design, keeps the sander head flat on the wall for an even and consistent finish.
- New retail ready packaging for easy in-store merchandising.
- Use with Circle Brand sponge or paper back sandpaper.
- Milled access holes for unique EZ finger flip design makes changing sanding sheets quick and easy.

PACKAGED IN THREE CONVENIENT WAYS:

CB012
EXPRESS SANDER WITH FIXED HANDLE
6/ctn.

CB013
EXPRESS SANDER HEAD ONLY
6/ctn.

CB014
EXPRESS SANDER WITH 3' - 7.5' EXTENSION POLE
6/ctn.

TRIM-TEX SANDING BLOCKS AND SPONGES
 DRYWALL PRODUCTS

Dual Angle Sanding Blocks

40% larger than standard blocks. Features two tapered edges for corner sanding. Radius edges prevent gouging and scuffing of compound.

TT0885	Medium / Fine Grit	Display Box	24/ctn.
TT0885-BULK	Medium / Fine Grit	Bulk Box	100/ctn.

FULL CIRCLE DUSTLESS SANDING SYSTEM

FULL CIRCLE Dustless Sanding System

The Dustless Sanding System works with any shop vacuum to achieve a 98% dust-free work area. The Radius 360 Air sander head is designed for quick effortless movement and full range of motion to work with any of the Level 360 Sanding discs (#60-300 grits). The Flex Air sander head is designed for detailed corner sanding. The hook n' loop rubber and foam pad provides an even finish while using a variety of sheeted sandpapers. The patented pivot joint and orbiting hose port keeps the vacuum hose out of the way when sanding and to move freely on the wall or ceilings.

Sold as a kit only.

Dustless Sanding System contains:

- Radius 360 Air Sander Head
- Level 360 Discs (1 each #150/#180/#220 Grit)
- 14' Flexible Vacuum Hose Assembly
- Universal Orbiting Hose Adapter
- 2 Section Lightweight Aluminum Pole (9 oz)
- Flex Air Sander Head
- Flex Air Sandpaper Sheets (1 each #150/#180/#220 Grit)
- Flex Air Sanding Pads (1 each Medium and Fine Grits)

FC-DUSTLESS Dustless Sanding System Kit

FLEX AIR Foam Sanding Pads

Specially designed to work with the Flex Air Sander Head. The flexible foam backing on the sanding pads allows the Flex Air sander to even out high spots of compound without scratching or gouging. Ideal for sanding down inside angles without scratching the opposite wall.

- FC-FLEXAIRFINE** Flex Air Foam Sanding Pad (Fine Grit) 5 pads/pk.
- FC-FLEXAIRMED** Flex Air Foam Sanding Pad (Medium Grit) 5 pads/pk.

FLEX AIR Stearated Sandpaper

Specially designed to work with the Flex Air Sander Head. Stearated coated sandpaper sheets keeps the grits from building up with dusted joint compound so the sandpaper lasts longer.

- FC-FLEXAIR150** Stearated Sanding Sheets (#150 Grit) 10 sheets/pk.
- FC-FLEXAIR180** Stearated Sanding Sheets (#180 Grit) 10 sheets/pk.
- FC-FLEXAIR220** Stearated Sanding Sheets (#220 Grit) 10 sheets/pk.

RADIUS 360 AIR Mesh Sanding Discs *New*

Designed to work with the Radius 360 Air Sander Head. A sharp synthetic material that cuts fast into joint compound. Ideal for scuffing painted walls before repainting. Open mesh design allows dust and particles to pass through to reduce clogging.

- FC-MESHSD150-5** Mesh Abrasive (#150 Grit) 5 sheets/pk.
- FC-MESHSD180-5** Mesh Abrasive (#180 Grit) 5 sheets/pk.
- FC-MESHSD220-5** Mesh Abrasive (#220 Grit) 5 sheets/pk.

RADIUS 360 AIR Foam Pad *New*

Replacement perforated foam pad that allows mesh abrasive for the Radius 360 Air to work with the Radius 360 Air sanding head.

- FC-PERFFOAM** Perforated Foam Pad 6/ctn.

540 Pro Series Sander and Accessories

Non-flip design head with a 60% larger sanding surface. Patented hook and loop design allows for the all-in-one sanding pads to be changed quickly. Sanding pads come in 24 pieces per box (4 packs of 6 sanding pads per pack).

- TT0540P** 540 Pro Series Sander w/48" Pole 4/ctn.
- TT0540** 540 Pro Series Sander (Head only) 4/ctn.

Sanding Pads New

- TT0560-CX** Extra Coarse (#100 Grit) 24 pads/Box

Inserts into the Circle Brand extension pole, Express Sander or Wiper/Flusher poles to convert pole being used to a male painter's thread to accept a female thread end accessory.

- CB016** Male Painter Thread Adapter 12/ctn.

Thread Pattern Exclusive to Circle Brand Tools

Circle Brand Pole Adapter

Aluminum pole adapter that attaches a standard fine thread attachment to most painters poles.

- CB15027** Metal Adapter 50/ctn.

RIPIT Flat Box Adapter Plug *New*
 Designed to fit easily over the finishing box filler adapter to prevent joint compound from drying to eliminate surface scratches created by dried compound. Great for transportation to and from jobsites as well as overnight storage without having to clean your Loading Pump every time. Add lubrication regularly for a smooth fit.

PIPNU71 Flat Box Adapter Plug Ea.

RIPIT Gooseneck & Filler Adapter Plug *New*
 Designed for use on the end of the Gooseneck and/or round Filler Adapter to avoid the hassle of digging out hardened material. After using your Corner Applicator Box or Mudrunner®, this plug seals your tool while your pump is not in use. Add lubrication regularly for a smooth fit.

PIPNU73 Gooseneck and Filler Adapter Plug Ea.

RIPIT Loading Pump Boot *New*
 Designed to keep the bottom of your Loading Pump sealed while the pump is not in use. The boot provides a seal that keeps joint compound moist for extended periods of time. Fits most major automatic tool brand mud pumps. Add lubrication regularly for a smooth fit.

PIPNU74 Loading Pump Boot Ea.

RIPIT Chain Attachment for RIPIT Tools *New*
 Keeps the Flat Box Adapter and Gooseneck/ Filler Adapter plugs attached to the Loading Pump when not in use and readily accessible.

PIPNU75 Chain Attachment Ea.

RIPIT Automatic Taper Sponge *New*
 Designed to keep the inside of an Automatic Taper tube from drying out. Fits inside the end of any major brand Automatic Taper tube. Moisten the sponge with clean water before inserting.

PIPNU76 Automatic Taper Sponge Ea.

Mud Jam Clearing Tool
 Clears paper jams or mud jams in Automatic Taper.

PIPNU40 Mud Jam Clearing Tool Ea.

Beadboxers™
 Beadboxers retrofit kit for Flat Boxes allows tapers to “hook and go” on corner beads. Once Beadboxers are installed, simply hook the box on the corner bead and the Flat Box will self-guide down the bead, allowing you to finish your Standard and Bullnose beads of any angle with your flatbox!

ST6730 Beadboxers™ 1/kit

TapeTech®

PROFESSIONAL DRYWALL FINISHING TOOLS

EasyClean® Automatic Taper

Applies tape and compound to flat and butt joints on walls, ceilings and inside corners up to 45% faster than finishing by hand. EasyClean® cover plate can be removed for quick and easy cleaning. Commonly referred to as a "Bazooka".

Mini Auto Taper is approximately 40.75" long.

AT041 EasyClean® Automatic Taper
AT040A Mini EasyClean® Automatic Taper *New*

Automatic Taper Extension *New*

The TapeTech Automatic Taper Extension adds 76 cm 30" to a TapeTech 07TT EasyClean® Automatic Taper. With nearly 60% more length

compared to the Taper alone, heights of 3.6m can easily be reached from the floor.

AT041X Automatic Taper Extension

EasyClean® Finishing Boxes

Automatically dispenses the proper amount of joint compound to embed tape and feather and finish butt and flat joints on walls and ceilings. New EasyRoll® wheel system allows you to expertly finish all types of outside

corner bead up to 2 times faster than by hand.

AT046EZ 7" EasyClean® Box
AT049EZ 10" EasyClean® Box
AT052EZ 12" EasyClean® Box
AT053EZ 15" EasyClean® Box *New*

MAXXBOX® Extra High Capacity Finishing Boxes

Designed with the optimum capacity to weight ratio. Comes with the TapeTech EasyClean® design. New EasyRoll® wheel system allows you to expertly finish all types of outside corner bead up to 2 times faster than finishing by hand.

AT030 7" MAXXBOX®
AT031 10" MAXXBOX®
AT032 12" MAXXBOX®

Power Assist® MAXXBOX® Finishing Boxes *New*

Features the spring loaded design from the original Power Assist® Box that reduces the effort required by up to 50%. EasyFinish® bent handles help to activate the Power Assist® mechanism. Comes with TapeTech EasyClean® design. New EasyRoll® wheel system allows

you to expertly finish all types of outside corner bead up to 2 times faster than finishing by hand.

AT027 7" Power Assist® MAXXBOX®
AT028 10" Power Assist® MAXXBOX®
AT029 12" Power Assist® MAXXBOX®

QuickBox® QSX

First finishing box specifically designed to be used with fast-setting joint compounds (aka "Hot Muds"). The glass-filled polypropylene shell provides a slick surface with maximum strength and durability to allow the fast-

setting compound to be easily removed from the box once it dries days or even hours later with a few quick taps.

AT026 QuickBox® QSX (6.5" wide)
AT026A QuickBox® QSX (8.5" wide) *New*

Corner Box Applicators

Supplies compound to Corner Finishers for fast, efficient finishing of internal angles, and to Mud Heads to quickly and cleanly apply compound to internal and external corners. The D-Shape on the Corner Box locks into the new Support Handles and will not allow side-to-side movement during use.

AT055CA 8" Corner Applicator
 (Handle sold separately)

AT059CA 7" Corner Applicator
 (Handle sold separately)

AT015 Fiberglass Support Handle

AT016 Extendable Support Handle

AT017 Corner Box Applicator Adapter

MudRunner®

Holds 50% more joint compound than an 8" Corner Box and 70% more than a 7" Corner Box". Delivers compound to corners with precise control and minimal effort.

A simple twist of the wrist activates the piston and twist it back to stop the flow immediately. Use with TapeTech Corner Finishers and Mud Heads.

AT042 MudRunner®

Corner Finishers

Produces crisp and clean interior 90° angles with minimal effort. Spring loaded action compensates for imperfect internal angles. Quickly wipe down and feather internal angles with one pass. Can be used with the 7" or 8" Corner Box Applicator, MudRunner® or Compound Tubes. A Corner Finisher

Adapter must be used when using the Support Handles as a "Flusher Handle".

- AT056** 2" Corner Finisher
- AT056A** 2.5" Corner Finisher
- AT057** 3" Corner Finisher
- AT058** 3" EasyRoll® Corner Finisher
- AT080** 3.5" EasyRoll® Corner Finisher
- AT018** Corner Finisher Adapter

EasyClean® Loading Pump

Used to fill automatic taping and finishing tools with joint compound. Includes the EasyClean® design tool-less foot valve. When the Gooseneck is being used, a Gooseneck Riser is recommended with the EasyClean® Loading Pump.

- AT086** EasyClean® Loading Pump
- AT071** Filler Adapter
- AT068** Gooseneck Adapter
- PIPGSR-TT** Gooseneck Riser

Extra Long EasyClean® Loading Pump *New*

Used to fill automatic taping and finishing tools with joint compound. Includes the EasyClean® design tool-less foot valve. Extra long pump cylinder holds more material and allows for less back strain.

- AT087** Extra Long EasyClean® Loading Pump
- AT071** Filler Adapter
- AT088** Extra Long Gooseneck Adapter

Inside Corner Roller

Quickly and accurately embeds the joint tape firmly into the internal corners of the drywall. Use immediately after applying joint tape to the internal corners of walls and ceilings to force out excess joint compound out from behind the tape.

- AT043A** Inside Corner Roller (Handle sold separately)
- AT015** Fiberglass Support Handle
- AT016** Extendable Support Handle

Outside Corner Roller

Firmly embeds any type of corner bead into compound or adhesive on external drywall corners and bulkheads. Removes the excess joint compound from beneath the cornerbead.

- AT090A** Outside Corner Roller (Handle sold separately)
- AT015** Fiberglass Support Handle
- AT016** Extendable Support Handle

Flex Tape Outside Corner Roller *New*

Firmly embeds steel reinforced paper faced corner bead (Flex Tape) into compound or adhesive on external drywall corners and bulkheads. Nylon rollers are smaller than the Outside Corner Roller.

- AT090B** Flex Tape Outside Corner Roller (Handle sold separately)
- AT015** Fiberglass Support Handle
- AT016** Extendable Support Handle

EasyClean® Nail Spotters

Used to fill the depressions left from the nails or screw heads during installation of the drywall. Features an EasyClean® design that removes excess compound at the same time as filling the depressions.

- AT060NS** 2" EasyClean® Nail Spotter (Handle sold separately)
- AT061NS** 3" EasyClean® Nail Spotter (Handle sold separately)
- AT015** Fiberglass Support Handle
- AT016** Extendable Support Handle
- AT019** Nail Spotter Adapter

Support Handles

The TapeTech Interchangeable Support Handle system allows one support handle to be used with Corner Rollers, Corner Boxes, Angle Heads, and Nail Spotters. The handle diameter for both handles is 1.25", making the support handles the most ergonomic in the industry.

- AT015** Fiberglass Support Handle (43")
- AT016** Extendable Support Handle (43"-77")

Adapters for Support Handles

Various adapters that fit the Support Handle system to retrofit old style TapeTech tools to the new style handles. The Corner Box Applicator adapter retrofits the old style TapeTech Corner Boxes to the new D-Shape handles, which locks in, and will not allow box side-to-side movement during use. The Corner Finisher adapter

screws onto both Support Handles and allows attachment of any Corner Finisher or Flusher. Nail Spotter adapter adapts the older style Spotters to the new Support Handle system.

- AT017** Corner Box Applicator Adapter
- AT018** Corner Finisher Adapter
- AT019** Nail Spotter Adapter

The Wizard® Finishing Box Handle

The Wizard® fits into the smallest closets or under stairs compared to using a finishing box handle of any other length. Allows for multiple ergonomic hand positions to reduce worker fatigue and increase productivity.

- AT130** Wizard® Finishing Box Handle
- AT130A** Wizard® Finishing Box Handle for Power Assist® MAXXBOX®

XTender® Finishing Box Handle

Integrated brake provides precise control of box. XTender® Handles give multiple lengths in one telescopic unit. Will fit any TapeTech Finishing box. The strongest Extendable Box Handle in the industry.

- AT069** Xtender® Box Handle (41" - 63")

Finishing Box Handles

Designed to be used with TapeTech Finishing Boxes. Commonly used on all drywall joints.

- AT064** 34" Flat Box Handle
- AT065** 42" Flat Box Handle
- AT066** 54" Flat Box Handle
- AT067** 72" Flat Box Handle

EasyFinish® Box Handles

Designed to be used with all TapeTech Finishing Boxes. EasyFinish® bent handle increases leverage and is great when finishing overhead joints.

- AT082** 34" EasyFinish® Box Handle
- AT083** 42" EasyFinish® Box Handle
- AT084** 54" EasyFinish® Box Handle
- AT085** 72" EasyFinish® Box Handle

SEMI-AUTOMATIC TOOLS

Compound Tubes

Compound Tubes supply joint compound to Corner Flushers for finishing inside corners. Also to Applicator Mud Heads for applying joint tape to internal corners and corner bead to external corners. Disassembles easily with 4 thumb latches for easy cleaning at day's end.

- AT131** 24" Compound Tube
- AT132** 36" Compound Tube
- AT133** 42" Compound Tube

Compound Tube Filler Adaptor *New*

Combined with any size TapeTech Compound Tube, can be used as an alternative to filling Finishing Boxes without having to use a Loading Pump.

- AT152** Compound Tube Filler Adapter

Corner Flushers

TapeTech Corner Flushers can work as both a direct or indirect flusher. The Creaser Wheel Kit can be purchased separately to attach to any Corner Flusher to allow the joint tape to be pushed and creased at the same time the internal corner is being wiped down with the Corner Flusher. Roller Kits with wheels can also be purchased separately to help the Flushers glide down the wall effortlessly.

- AT134** 2.5" Corner Flusher
- AT135** 3" Corner Flusher
- AT136** 3.5" Corner Flusher
- AT137** 4" Corner Flusher
- AT138** Creaser Wheel Kit
- AT139** Roller Wheel Kit

AT044A

AT044

Mud Heads

Applies a wide ribbon of joint compound to internal and external 90° corners. A quick and easy way to prep a corner for a mudset corner bead. Attaches to the MudRunner®, Compound Tubes and Corner Box Applicators.

- AT044** 90° Outside
- AT044A** 90° Inside

Cove Applicator Heads *New*

Designed to work with the most common sizes of Gyprock™ Cornice, Gyproc™ Cove, GIB-Cove™ and other brands of gypsum cove and cornice. Attach to all TapeTech Corner Applicators but ideally suited to be used with Compound Tubes.

- AT020** Cove Applicator - 55mm (2.16")
- AT021** Cove Applicator - 75mm (2.95")
- AT022** Cove Applicator - 83mm (3.26")
- AT023** Cove Applicator - 90mm (3.54")

Tool Caddy *New*

The perfect accessory for workers who fill their finishing boxes with a Compound Tube instead of a Loading Pump. The durable design and construction securely holds any size Finishing Box in the perfect filling position. Also a perfect caddy to rest your Finishing Boxes even when using a Loading Pump.

- AT151** Tool Caddy

Premium Finishing Knives & Handle New

INOX German stainless steel. Strong and flexible blade and precise fulcrum point designed in the grip area allows the blade to have up to ten times more contact area with the surface. The Extendable Handle securely holds any of the knives in place.

- AT141** 7" Premium Wipe Down Knife
- AT147** 10" Premium Wipe Down Knife
- AT142** 14" Premium Wipe Down Knife
- AT143** 18" Premium Wipe Down Knife
- AT144** 24" Premium Wipe Down Knife
- AT145** 32" Premium Wipe Down Knife
- AT148** 40" Premium Wipe Down Knife
- AT146** 48" Premium Wipe Down Knife
- AT140** Extendable Handle (40" - 80")

BAZOOKA® Continuous Flow System

Revolutionizing the way high production companies finish drywall. Designed to maximize the amount of time the tools are "on the wall". The BAZOOKA® Continuous Flow System will help you win more jobs and increase profits. Featuring state-of-the-art ergonomic design, the Continuous Flow System enhances safety by reducing worker fatigue.

- Continuous Flow (CF) System designed in conjunction with GRACO.
- Max Flo design efficiently loads compound.

- Quick-release motor removal makes it easy to move the CF unit from one floor to another.
- 25 gallon hopper with air tight lid can be used as a portable wash station.
- Flat proof tires.
- Suggested sets available based on personal preferences.

Continuous Flow System is available in 3 sets.

- AT122** Full set includes 12 Tools
- AT123** Flat set includes 11 Tools
- AT124** Corner set includes 6 Tools

ATF Tool Maintenance Kit New

The 12 piece kit includes a custom, foamlined case to keep the tools organized and protected during storage or transportation. Includes Nut Drivers, T-Handle Allen Keys, and custom feeler gauges for calibrating the blades on Finishing Boxes and Corner Finishers.

PIPTMK01TT ATF Tool Maintenance Kit Ea.

Automatic Taper Cable Repair Tool New

Designed to quickly push the plunger of an Automatic Taper without damaging the main taper tube.

PIPR TTC-TT Automatic Taper Repair Tool Ea.

Automatic Taper Tube Cleaning Brush New

Designed to clean the main tube of the Automatic Taper. Brush is perfectly sized for the tubes diameter. Brush head attaches to any length handle with a standard 3/4" thread (**not included**).

PIP057355 Automatic Taper Tube Cleaning Brush (Head Only) Ea.

Loading Pump Tube Cleaning Brush New

Designed to clean the main tube of a Loading Pump. Brush is perfectly sized for the tubes diameter. Brush head attaches to any length handle with a standard 3/4" thread (**not included**).

PIP057356 Loading Pump Tube Cleaning Brush (Head Only) Ea.

Gooseneck Cleaning Brush *New*
 Designed to keep the Gooseneck clean for optimal performance. The brush is the ideal stiffness to effectively remove compound while the shaft has the flexibility to navigate the challenging shape of the Gooseneck adapter.

PIP857355 Gooseneck Cleaning Brush Ea.

Cleaning Nozzle *New*
 Connects to a standard water hose. Metal construction and traditional front-lever design make this nozzle perfect for jobsite use.

PIPCN-TT Cleaning Nozzle Ea.

Cleaning Nozzle Adapter *New*
 Securely threads on to the Cleaning Nozzle and fits over the filler valve of the Automatic Taper, MudRunner® and Corner Box Applicators to thoroughly clean the valve and the head without overspray.

PIPCNA-TT Cleaning Nozzle Adapter Ea.

Quick Connect Adapter *New*
 Allows the TapeTech Cleaning Nozzle to attach with a quick-connect garden hose system. Simply thread the adapter into the bottom of the Cleaning Nozzle.

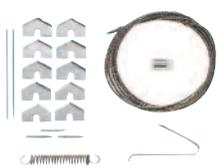

PIPQCA-TT Quick Connect Adapter Ea.

Bazooka® Oil *New*
 Formulated specially for lubricating Automatic Taping and Finishing tools. Provides a water barrier that resists corrosion and lubricates any drywall tool to increase productivity and lifespan.

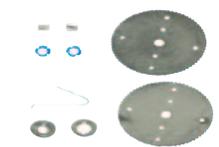

PIP058707 Bazooka® Oil (4.5 ozs.) 12/ctn.

TapeTech Automatic Taper Repair Kits

Automatic Taper Repair Kits *New*
 Keep your TapeTech Automatic Taper in top working condition with genuine TapeTech repair and maintenance parts. Kit will fit #07TT and #03TT as well as older style #04TT and #05TT Tapers.

PIP501A Taper Repair Kit #1

Keep your TapeTech Automatic Taper in top working condition with genuine TapeTech repair and maintenance parts. Kit will fit #07TT and #03TT as well as older style #04TT and #05TT Tapers.

PIP502A Taper Repair Kit #2

Never-Miss® Finishing System

Never-Miss® Colour Gel and Final Coat Finishing System is a patented, breakthrough formula designed to enable drywall professionals to consistently achieve a high quality finish with less time, effort and cost.

Colouring Gel dries highly visible; when the surface is sanded the colour dissipates preventing over-sanding. When added to joint compound:

- Provides extreme visibility
- Self Priming
- Eliminates paint flashing
- Track job progress

Final Coat Ultra White Gel gives a Level 5 finish for both smooth and textured surfaces. When added to joint compound:

- Sprayed or rolled on
- Scratch and nick resistant
- No priming required

ST5001	Golden Yellow Colouring Gel 16.9 ounces	12/ctn.
ST5002	Golden Yellow Colouring Gel 3 ounces	60/ctn.
ST5003	Pacific Blue Colouring Gel 16.9 ounces	12/ctn.
ST5004	Pacific Blue Colouring Gel 3 ounces	60/ctn.
ST5005	Final Coat Ultra White Gel 8 ounces	32/ctn.

No Pock Drywall Mud Additive

Drywall joint compound mud additive that helps eliminate pock marks and air bubbles. Add one capful to 5 gallons of joint compound to help save material, labour and help reduce compound shrinkage. **Cannot be frozen.**

ST5020	No Pock	2/ctn.
---------------	---------	--------

Trim-Tex Powdered Mud-Max

Improve the strength and adhesive performance of all drywall compounds, textures and plaster products. Perfect when bonding paper, metal or vinyl beads to drywall and applying plaster products onto metal or vinyl beads. 2.5 gallon bucket is good for up to 80 standard size buckets of compound.

TT0855 Powdered Mud-Max (14 lbs) Ea.
Pricing found in Trim-Tex price list.

Trim-Tex 847™ Spray Adhesive

High tack, pressure sensitive spray adhesive specifically designed to be used with Trim-Tex vinyl beads. A must for installing Magic Corner, 093V and Hideaway Expansions.

***TT0847** Spray Adhesive (16 oz) 12/ctn.
Pricing found in Trim-Tex price list.

Tytan® Professional Drywall Adhesive New

A ready to use, one component, polyurethane based semi-collapsing foam adhesive that is formulated to adhere to drywall, vinyl-faced drywall, masonry, lumber, cork, wood, steel studs, and other common construction materials. Eliminates the need for nails and unsightly nail pops.

***TYT0146** Drywall High Yield Adhesive (29 oz) 12/ctn.

Tytan® Professional Gun Applicators New

The highest quality gun available on the market. Offers maximum reusability and efficiency. Comes in a standard barrel as well as a 39" barrel for extended reach.

TYT0104 Pro Gun Applicator 1/ctn.
TYT4942 Pro Gun Applicator - 39" 1/ctn.

Tytan® Foam Cleaner New

Used to remove any unwanted, uncured polyurethane foam. Attached spray nozzle may be used to remove external uncured foam to extend the life of the tool.

TYT0799 Foam Cleaner (12 oz) 12/ctn.

Circle Brand Rubber Tipped Line Clamps

The preferred clamp for installing T-Bar ceilings. Clamp holds grid together for pop-rieving or aligning during installation. Rubber cushions will not scratch grid surfaces.

CB15032-25PK 4" Line Clamps (Bulk) 25/ctn.
CB15032-4PK 4" Line Clamps 4/ctn.

Circle Brand Jet Line

Tough, strong high tension strength nylon line is ideal for aligning and leveling T-Bar grid for a suspended ceiling. Bright orange colour makes it more visible than standard white string line. 500' per roll.

CB15033-25PK Jet Line (Bulk) 25/ctn.
CB15033-4PK Jet Line 4/ctn.

The Serpent Wrench

Secure suspended ceiling grids to manufacturers specifications and Provincial Building codes. Rapidly twists #9 or #12 hanger rods to fasten suspended ceilings.

ST0015 Serpent Wrench (Orange) (#12 Rods)
ST0016 Serpent Wrench (Green) (#9 Rods)

Purchase 12 Serpent Wrenches and receive a free Serpent Wrench Countertop Display unit.

*Sold in Full Cartons

Circle Brand Wire Bender

Designed to easily bend and shape heavy gauge hanger/pencil rods to fit into hard-to-reach places. Decreases installation time significantly.

ST0013 Wire Bender 1/ctn.

Circle Brand Deck Punch

Used to punch holes in Q-decking to allow for installation of suspended ceilings. Replacement teeth available.

ST0012 Deck Punch 1/ctn.
ST0012A Replacement Deck Punch Teeth Ea.

Circle Brand End Cutting Nippers

8" heavy-duty cutting tool designed to cut hanger/pencil rod used for suspended ceilings. Hardened angled cutting edges cut material clean and remain sharp.

ST0014 End Cutting Nippers 6/ctn.

Kraft Grid Hole Punch

Specifically designed for acoustical grid systems. "Punches" or cuts perfect 1/8" holes for various applications.

KFGG159 Grid Hole Punch 1/ctn.

Circle Brand Mini Stud Crimper

Ideal tool for joining metal studs to metal track. Nickel plated to prevent corrosion.

ST0001 Mini Stud Crimper 6/ctn.

Circle Brand Shark Saw with Wooden Handle

Heavy duty 6" drywall saw with wood handle grip designed to penetrate and cut drywall smoothly.

E-Z Peel and Stick Joint Tape

Allows for easy spreading of joint compound due to thinness of tape. Stronger than standard joint tape. Creased down the center to make it easy to

fold and install in corners. Self adhesive on back of tape similar to fiber-glass mesh tape.

***EZPEEL** Peel and Stick 12/ctn.
1.89" x 125' per roll

E-Z Quick Stick Joint Tape

Made from one layer of paper. Requires one less coat of joint compound compared to traditional methods. Wet the tape to begin the installation

process. Creased down the center to make it easy to fold and install in corners.

***EZQUICK** Quick Stick 12/ctn.
1.89" x 150' per roll

E-Z Flame Fighter Joint Tape

Save up to 60% of installation time over conventional taping methods. Works with both wood and steel beam construction. Permanent adhesion to drywall. Easy mudless application. Rated for use in Fire Wall construction in Canada by Intertek

Testing Service. One and two hour rated firewall construction.

Approved for both walls and ceilings.

***EZTAPE** Flame Fighter 12/ctn.
1.89" x 250' per roll

E-Z Flame Fighter Caulking New

Commercial intumescent fire caulking that is non-toxic, non-corrosive and environmentally safe.

It's water resistant formula is both paintable and sandable and adheres to most materials.

***EZ97100** Flame Fighter Caulk 12/ctn.
10.4 oz/300 ml

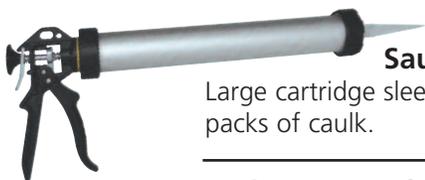

***EZ97250** Flame Fighter Caulk 12/ctn.
29 oz/850 ml

Circle Brand Heavy Duty Skeleton Caulking Gun

Heavy-duty uni-rail construction fits both 850 ml and 300 ml size cartridges.

CB15068 14" Caulking Gun (850 ml) 12/ctn.
CB15069 9" Caulking Gun (300 ml) 24/ctn.

Circle Brand Professional Sausage Caulking Gun

Large cartridge sleeve fits 590 ml (20 oz.) sausage packs of caulk.

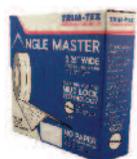

CB15070 13" Professional Sausage Caulking Gun (590 ml) 12/ctn.
CB15070A Replacement Tip for Sausage Gun 50/ctn.

Trim-Tex Buttboard™

Made from Formaldehyde-free premium density OSB board. Designed for interior use only. Pulls back the edges of the cut end of drywall creating a tapered edge that requires less joint compound to finish. Available for both 48" & 54" wide drywall.

***TT0825** Buttboard™ (48") 12/ctn.
***TT0825S** Buttboard™ (48") 500/skid
***TT0826** Buttboard™ (54") 12/ctn.
***TT0826S** Buttboard™ (54") 500/skid

Trim-Tex Angle Master New

Engineered to fit any inside or outside off-angle corner. It's paperless design finishes easily without having to worry about scuffing or blistering.

***TTMS325** Angle Master 4/ctn.
3.25" x 100' per roll

Sure Corner Roll-on Bead

Two metal strips on paper designed for easy finishing of drywall corners and off angles. Apply with drywall compound.

***T3010** 2" x 100' Roll-On Bead 10/ctn.

Circle Brand Chalk Line Reel (100')

Heavy duty chalk line reel is ideal for marking long straight lines on relatively flat surfaces. Die-cast aluminum casing.

CB15031 100' Heavy Duty Chalk Reel 12/ctn.

***Sold in Full Cartons**

ST0100 EZ Fold Material Mover with 3 Swivel and 1 Locking Castor

ST0100A Replacement EZ Fold Material Mover Handle

ADJUSTABLE STILTS

Aluminum Single Pole Stilts

EZ STRIDE Adjustable Stilts (Weight limit 225 lbs.)

- Heavy duty side poles with rubber leg pads.
- Support beams at the side of each leg helps keep balance in check.
- Adjustable heel guard allows you to set proper forward and backward balance.
- New heavy duty rubber soles with specially moulded threads for increased traction provides a firm grip on almost all surfaces and less wear and tear.
- With the suspension designed into these stilts, leaning in those awkward high places can now be handled easily.

EZ STRIDE Aluminum

CBS005	15" to 23"	1 pair
CBS006	18" to 30"	1 pair
CBS007	24" to 40"	1 pair

---------------	--------------------------	-----

Ladder Jacks

- 250 lb. duty rating per ladder jack.

Jacks can be mounted on either the inside or outside of ladder. Double slot tooth arms add extra strength and stability. Accommodates 18" wide plank. Made of high grade aluminum.

ST0723	Ladder Jacks – Sold in Pairs	
---------------	-------------------------------------	--

Econo Techtruck (420 EC)

Disposal bins that will move large, lighter loads. Made of 100% recycled polyethylene.

ST0150
Econo Techtruck

- 300 lb. load limit.
- Dimensions: 58" L x 28" W x 37" H. (Holds 5/8 cubic yard)

Regular Duty Techtruck (420 LT)

Disposal bin that handles large heavy loads easily. Rotationally molded from FDA approved polyethylene.

ST0151
Regular Duty Techtruck

- 400 lb. load limit.
- Dimensions: 58" L x 28" W x 37" H. (Holds 5/8 cubic yard)

Heavy Duty Techtruck (420 C)

Higher placed molded handles makes bin more ergonomic. Double-wall top increases both durability and truck lifespan dramatically.

ST0152
Heavy Duty Techtruck

- 1000 lb. load limit.
- Dimensions: 58" L x 28" W x 37" H. (Holds 5/8 cubic yard)

Regular Duty Techtruck (441 LT)

Disposal bin that handles large heavy loads easily. Larger bin than the 420 LT.

ST0154
Regular Duty Techtruck

- 500 lb. load limit.
- Dimensions: 63" L x 35" W x 40" H. (Holds 1.1 cubic yards)

Note: Fits through standard doorway *only* when the door is removed.

Next Generation Utility Starcart (730 B) ^{New}

Durable and impact resistant combined a single wall body with a double wall box-style lip. Better rollability and maneuverability because of the paired heavy duty casters up front.

ST0157
Next Generation Utility Starcart

- 1000 lb. load limit.
- Dimensions: 48" L x 31" W x 35" H. (Holds 0.6 cubic yards)

Replacement Wheels – Replacement wheels for Techtrucks.

ST0166 – Wheel for Next Generation Starcart (5")

ST0165 – Wheel for Techtruck (4")

ST0170 – Wheel for Econo Techtruck (10")

ST0171 – Wheel for Techtruck (10")

WORKPLACE SAFETY PRODUCTS

Sperian Particulate Respirator

Ideal for sanding drywall and installing fiberglass insulation. NIOSH approved N95 for respiratory protection against certain toxic dusts and mists.

S014110391 Dust/Mist Respirator
20 masks per box 10 boxes/ctn.

TRIM-TEX AND DRYWALL TOOL TRAINING CENTRE

Located at our Richmond Hill, Ontario Facility

These 1 day Tuition Free Training Courses are packed with in-depth knowledge, innovative ideas and hands-on experience from the professionals you trust.

The course focuses on Basic Bead Installation, Trim-Tex Flexible Bead Archway Installations, right up to Creating Drywall Art.

Take advantage of learning the tricks of the trade on how to install Crown Moulding, EZ Tray Ceilings and layering details while trying out different tools that make drywall finishing faster and easier.

Whether you are a hand or machine taper, we've got the tools for you to test out during your visit.
